## About The Navy SEAL Foundation

The Navy SEAL Foundation provides critical support for the warriors, veterans, and families of Naval Special Warfare. The Naval Special Warfare (NSW) community is the most elite fighting force in the world. Composed of SEALs and SWCCs (Special Warfare Combatant-craft Crewmen), as well as support personnel, NSW operates with deliberate stealth beyond the reach of conventional forces, conducting strategic reconnaissance, direct action, hostage rescue, and many other specialized mission sets. With an unparalleled legacy of service that goes back to the Underwater Demolition Teams (UDT) of WWII, they have always been the true tip of the spear.

Since the attacks of 9/11, the demand for these warriors has reached unprecedented heights. Never before has so much been asked of so few, from so many, for so long. SEALs have executed some of the highest risk, no fail operations in history. A few have been publicized, but the vast majority remain unknown to the public. Through these clandestine missions, NSW continues to sacrifice for our nation, maintaining their global presence and remaining at the ready. They are on the front line; right now, and always.
